Leave Policy 2026

Document owner: Alice Moreau, HR Manager Approved by: Priya Raman, CEO Effective date: 2026-01-01 Applies to: All employees of Acme Robotics, Rotterdam and remote

---

1. Purpose

This policy sets out the leave entitlements available to employees of Acme Robotics and the procedures for requesting and recording leave. Its aim is to support employee wellbeing and family life while keeping our operations, customer deployments and FleetOS support running reliably.

2. Scope and Status

2.1 This policy applies to all permanent and fixed-term employees, regardless of role, location or working pattern.

2.2 This policy replaces all earlier leave policies and drafts. Where any previous document, email or informal agreement conflicts with this policy, this policy takes precedence.

2.3 Part-time employees receive entitlements on a pro-rata basis according to their contracted hours.

3. Annual Leave

3.1 Every employee receives 28 days of paid annual leave per calendar year.

3.2 Employees who join or leave during the year receive a pro-rata entitlement based on the number of months worked.

3.3 Public holidays observed in the Netherlands are granted in addition to the annual leave entitlement.

3.4 Managers should encourage team members to take leave throughout the year rather than leaving it until the final quarter.

4. Carry-Over of Unused Leave

4.1 Up to 5 unused annual leave days may be carried over into the next calendar year.

4.2 Carried-over days must be used by 31 March of the next year. Any carried-over days not taken by that date will lapse.

4.3 Unused days above the 5-day carry-over limit will not be paid out, except where required by law on termination of employment.

5. Sick Leave

5.1 Employees who are unable to work due to illness must inform their manager as early as possible on the first day of absence, and in any case before their usual start time.

5.2 Employees may self-certify sick leave for up to 3 consecutive days. No medical documentation is required for these absences.

5.3 Absences longer than 3 consecutive days require a doctor's note, which should be uploaded to the HR portal as soon as it is available.

5.4 Sick leave is recorded separately and does not reduce the annual leave entitlement.

6. Parental Leave

6.1 With effect from 2026-01-01, every parent is entitled to 16 weeks of parental leave, fully paid, regardless of gender.

6.2 This entitlement applies equally to birth parents, non-birth parents, adoptive parents and foster parents.

6.3 Parental leave may be taken in one continuous block or, with manager agreement, in several periods within the first year after the child's birth or placement.

6.4 Employees should notify HR of their intended parental leave dates as early as reasonably possible so that cover can be planned.

7. Requesting Leave

7.1 All leave requests must be submitted through the HR portal.

7.2 For absences longer than 3 days, requests must be submitted at least 2 weeks in advance.

7.3 Shorter absences should be requested with as much notice as possible.

7.4 Managers will approve or decline requests within five working days. Requests may be declined where the absence would seriously affect customer commitments, such as scheduled AMR-200 or AMR-500 deployments, but managers should first work with the employee to find alternative dates.

7.5 Sick leave and parental leave are recorded in the HR portal but follow the notification rules in Sections 5 and 6 rather than the advance-notice requirement above.

8. Responsibilities
